

## Report of ISA activity

As a part of ISA ACTION PLAN SST department conducted an event "Wall Magazine" on the theme Social, Political, Economic Rights of the Women in four countries. This event provided a platform to the students to compare and understand how women are treated in different parts of the world. Principal sir graced the event and interacted with the students. Students gathered information on how women in KUWAIT and IRAN struggled over the years and fought for their rights. Parents joined us for the event and gave valuable feedback.

I am thankful to Principal Sir, Director Sir ,Ms Reeta Arora and ISA coordinators for providing us this opportunity to participate in ISA PROJECT

Regards

Garimamadan
