Ref. No. RS/23/04/10

**FOR CLASSES PS TO XII**

**ADVISORY REGARDING COVID**

Dear Parents

As we all are aware, COVID infection is spreading in NCR and positivity rate has increased in last few days.

In view of this, it is befitting that all possible precautionary measures are taken to prevent any spreading of COVID infection. Parents are requested to orient their wards to follow these measures diligently.

- (1) Wearing of masks.
- (2) Maintenance of social distancing to the possible extent.
- (3) Regular washing of hands and use of sanitizer.

In case, your ward or any of the family members is not feeling well, you should refrain from sending the child to school. In case you notice any symptoms, please inform the school authorities immediately so that necessary steps can be taken.

Containing the spread of COVID is our collective responsibility in the interest of our children and society at large. So, let's contribute our bit and fight the pandemic together.
