Dear Readers

As we proudly present to you with the first E-newsletter of the session 2021 -22, we look at the bygone year with mixed emotions of sadness, happiness and contentment.

Our heart goes out to all the families who were affected by COVID- 19. We also salute all the frontline warriors who fought with this situation without thinking of their own lives and made survival possible for humanity. A very special mention for our children who understood the gravity of the situation and adapted quickly. To me, they are no less than warriors who stood with us in all times of need.

I feel that this generation has learnt endurance, perseverance and resilience, which makes them stand out from the crowd, even though they are very young. They have

understood that our future is not determined by our stars , but by our sweat.

The bygone year also gives us a sense of contentment as we were able to create unprecedented opportunities for our students with the unconditional support and guidance by our esteemed management members and dedication of our hardworking staff members. The year opened new vistas and new windows for them. Never resting, never pausing, our students treaded on and created new benchmarks.

It was also heart-warming to note that teachers not only transformed their methodologies and pedagogies overnight , but they also took care of the emotional needs of the children . The camaraderie and the bond developed between the teacher and the taught was also unique and novel.

The year also saw a true collaboration between home and school, parents and teachers and the results of this distinctive teamwork were manifested in our Mahavirians. I hope that this fruitful and constructive association continues so that we are able to provide best of both worlds to our future citizens .

As we begin this year with a bang, we remain committed to provide new latitudes to our learners. This E- newsletter, curated by our editors with so much of care and affection, provides you with a glimpse of plethora of diverse activities being done at school .

We look forward to have your feedback and incessant support, as always.

Felicitation and Farewell Ceremony of our beloved Shri S. L. Jain ji

वक्त की हो धूप या तेज़ हो आंधियाँ,
कुछ क़दमों के निशाँ कभी नहीं मिटते,
जिन्हें याद करके मुस्करा दें ये आँखें,
वो लोग दूर होकर भी दूर नहीं होते।

Amidst wishes, cheers, smiles and tears, MSMS Fraternity bid farewell to its founder Principal and Director Shri S.L Jain Ji. A formal function was organized for a small gathering on March 31, 2021 and a virtual farewell was organized for colleagues and extended family and friends on April 3, 2021. Both these days will find a special place in the chronicle of MSMS.

Felicitation and Farewell in School

Enchanting of Navkar Mantra was followed by welcome address by The Principal, Mrs. Ruchika Sukhija. She extended a hearty welcome to The Director Sir, his family, friends and esteemed members of the Managing Committee. Expressing her inner most thoughts she said that he is a walking talking encyclopedia and possesses ocean of knowledge. The good time spent with Director Sir was reminisced.

Members of the managing committee, staff of MSMS, family members and friends of Shri S.L Jain Ji could not hold themselves in expressing their love and feelings for their favourite person. The speakers echoed in unison his qualities of patience, endurance, benevolence, helpful, immense wisdom, foresightedness, great team leader, store house of knowledge and a strict disciplinarian.

Paying tribute to Shri S.L Jain Ji, Manager Sir, Shri S.M Jain Ji shared his journey of MSMS from its inception till date. His contribution in converting MSMS from Aided school to Non - Aided school can never be forgotten. Calling him the diamond of MSMS, he said that Shri S. L. Jain's name is written on each and every brick of MSMS. Manager Sir prayed for his long, happy and healthy life. Chairman, Padam Shri, Shri Gyan Chand Jain Ji talked about his contribution in the field of education and said that MSMS is fortunate to have a rare gem and the best educationist of the present time.

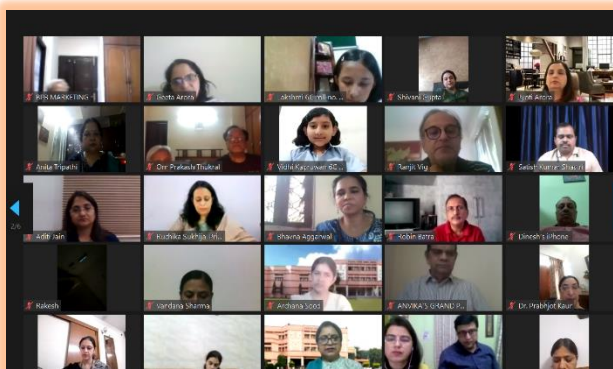

The emotional speeches were quite overwhelming and indication of respect, love and affection people have for him and reputation he enjoys in the teaching fraternity. Musical extravaganza, Jaltarang, set joyous chords and lifted the mood of one and all present.

Addressing the gathering with rare balance of emotions and firmness in tone, Director Sir recalled the auspicious day of Ramnavami, 21 April 1983 when he joined MSMS and how proud he is to be a part of this institution. He went down to the memory lane of his days in Hira Lal School, his alma mater and how he shaped and polished his life working in DCM, Oberoi hotel, DPS Mathura Road and then as founder Principal and finally The Director of MSMS. He shared the values passed on to him by his beloved father. These values of punctuality, loyalty, dedication, respecting and following the principles of Guru's, hard work, sincerity, love for your work, early to bed and early to rise, regular exercises have been a secret of his success.

Virtual Farewell

After the astounding felicitation and farewell ceremony of our honorable Director, Shri S. L. Jain ji on March 31 2021, a virtual farewell was organized on April 3 2021, as an extension to the celebration of Director Sir's life as well as his contribution in the field of education. In addition to the entire MSMS family, the occasion was graced by innumerable educators and prominent leaders.

The celebration commenced with the rendition of Navkar Mantra, followed by Principal, MSMS, Mrs. Ruchika Sukhija's welcome note in which she acknowledged Sir's ever continuing legacy. She expressed her gratitude towards Sir for decades and decades of pure dedication, diligence and devotion. On behalf of the entire staff, she also promised to carry forward his legacy and achieve all the dreams which he has envisaged for the institution.

The attendees got to witness not only the glimpses from Sir's felicitation ceremony held on March 31, 2021 but also from 48th NPSC Annual Conference, wherein the Director, MSMS was awarded the Life Time Achievement award. We, as an institution, were extremely proud of our patriarch's achievements, as his achievements and contributions extend beyond the domain of MSMS.

The current academic staff from MSMS and MJMS traced back their decades old journeys with Sir and had a plethora of anecdotes to share. They highlighted that he had always supported them in their endeavours, valued their opinions, encouraged one and all to read more and more, gave ample freedom to his team, solved every problem with a calm approach and what not! Similar experiences were shared by the former members of the MSMS family, who graced the event with their presence. Their anecdotes at times made us smile from ear to ear and at times left us teary eyed.

The students of MJMS and MSMS, including the Head Boy and Head Girl, also expressed their heartfelt gratitude and respect towards Sir. So did the parents. One of his students, Adv. Atul Jain highlighted that he had always seen Sir as a father figure and his stature is beyond that one could measure. Mr. Ashish Aggarwal, MSMS Alumnus, shared minute traits about Sir's personality which highlight his efforts towards inculcating eco-friendly habits amongst and promoting vegetarianism. He even referred to Sir as his Lighthouse. The occasion also witnessed mellifluous musical performance by the Music Department of MSMS along with other members of MSMS Team.

Other esteemed guests and Principals of several schools referred to Director Sir as a stalwart in the sphere of education and appreciated him for his contributions in several regional and national organizations like Udayan Care and others. The members of Sir's family also shared their feelings on the occasion. Mrs. Aparna Trehan, Headmistress, MJMS also poured her heart out while expressing gratitude and appreciation towards Sir and so did the esteemed members of Management. Chairman Sir, Padma Shri Gyan Chand Jain ji acknowledged Sir's contributions, praised his oratory skills and wished him a very good health. Shri Prashant Jain ji, Assistant Manager Sir also pointed out that Sir's Farewell is definitely not his Retirement and also wished him a good life ahead. Revered Director Sir, Shri S. L. Jain ji expressed his gratitude towards his entire extended family.

He was evidently overwhelmed by the love and affection of one and all. The momentous occasion concluded with a Vote of Thanks, an expression of gratitude towards the esteemed members of Management, honourable Director Sir and his affectionate family. It was evident that our revered Director Sir had touched many lives with his actions, words and mere presence and we as a team, would always follow his footsteps.

MYTHS AND FACTS ABOUT VACCINE

on
8th April, 2021, Thursday

Today, as the pandemic is on its peak and Corona infection is spreading like a forest fire,

it is very important to get vaccinated.

Many people are excited to have vaccines as the first step in managing the spread of coronavirus. Unfortunately, there has been a lot of misinformation surrounding the vaccines which is causing panic and impediment even in the educated group. In order to eradicate such confusion and myths about vaccination, a very helpful webinar was conducted by MSMS and Maxfort School.

The Principal, Maxfort School Mrs. Ragini Kaul and the Principal, MSMS Mrs. Ruchika Sukhija felicitated the honorable speaker Dr. K.K. Aggarwal.

Dr. Aggarwal was the President of the Heart Care Foundation of India and the Past National President of Indian Medical Association. In 2010, the Government of India honoured him with the Padma Shri, India's fourth-highest civilian award, for his contributions to the field of medicine.

Dr Agrawal did not just prove himself as an excellent physician but also as a commendable teacher. He "mathematically" explained the scientific complexities of coronavirus and its vaccine. The attendees of the webinar included teachers, students,

parents, and teachers.

grandparents of the students therefore he assured to untangle everything in the simplest way possible. He elucidated a relation between the virus and the vaccine and made it clear that the vaccine will react but is needless to worry about. He expounded the process of getting infected by the virus and creation of antibodies through the vaccine step by step by stepping down to the layperson's language and making a lot of comparisons. He compared vaccine with special police and gamma interferon with security guard to reassure the understanding of each and everyone. He apprised that most of the deaths caused by the virus are due to carelessness and ignorance of the people, therefore it was necessary to disseminate awareness and encourage people to get vaccination. He talked about the diet which should be followed in order to remain healthy and build a strong immune system in order to "win over the virus".

The hosts of the webinar, the Principal MSMS, Mrs. Ruchika Sukhija and the Principal Maxfort. Mrs. Ragini Kaul expressed their gratitude towards the honorable speaker Dr. K.K. Aggarwal.

The session was then continued by Dr. Anil Kumar, who is the Director in Environment in Delhi

government. He delineated about a new campaign which they initiated in schools: NGT campaign which means Neem, Geloy, Tulsi. Dr Kumar and his team encouraged the students to sow these medicinal plants around them as they are proven helpful amidst COVID19.

The utilitarian webinar concluded with a Vote of Thanks by the Principal MSMS, Mrs. Ruchika Sukhija and the Principal Maxfort School, Mrs. Ragini Kaul.

ADOLESCENT ORAL HEALTH CARE

"Healthy smile raises your face value"

MSMS , Science Department organised a webinar for **Class IX on 27th May 2021 , Thursday**

Resource person -**MSMS ALUMNA Dr. Varsha Jain (MDS)**

The session conducted by Dr. Varsha Jain was very interactive, knowledgeable and

highly informative.

Dr. Varsha discussed about the importance of healthy mouth and proper oral habits. Emphasizing on the adolescent age she told that children in adolescent age generally have poor nutritional habits and oral hygiene

* She demonstrated the correct way of brushing teeth and using floss and mouth wash to keep the oral cavity and teeth clean and healthy.

* She shared the symptoms which help to identify the gum diseases and the way we can prevent them.

* Relating to the present situation she told about

prevention of fungal infection and post covid problems related to oral hygiene.

* Negative devastating impacts of tobacco, alcohol, betel nut etc. on the teeth and oral cavity were explained.

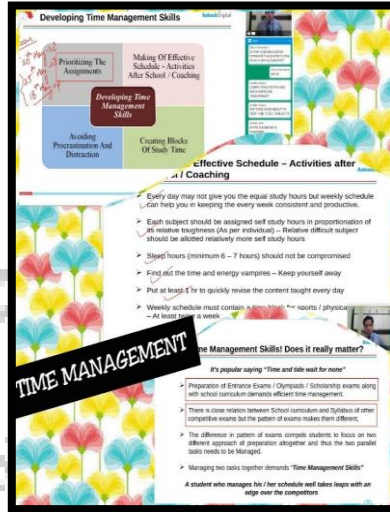

The Session really helped the students to know the tips for keeping their teeth and gums healthy during adolescent age and to prevent oral diseases.

Challenges faced while preparing for Competitive exams and how to maintain balance between board and entrance exams by Mr. Mohsin Umar Khan, Academic Head, Akash Institute

The webinar focused on solving the challenges faced by the students of 11th and 12th std. who have to appear for one or the other competitive exams. The difference between the pattern of competitive and board exams along with the change in their preparation pattern was explained in detail. The resource person pictorially and

graphically explained the things to the students and focused on aspects such as time management and its importance.

Covid Vaccination Campaign by Prefectorial Board

“VACCINES—OUR SWORD & SHIELD AGAINST COVID”

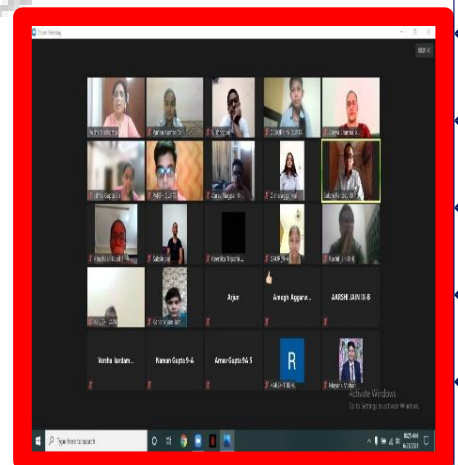

MSMS Prefectorial Board organized a COVID Vaccine Awareness Campaign to urge the students to motivate their parents, relatives and neighbours to get vaccinated. The dire need to understand that vaccines are our sole shield from the deadly coronavirus and the only key to getting back to our normal life was spread. It was well iterated that

without vaccines this pandemic will continue to claim lives as it is doing now.

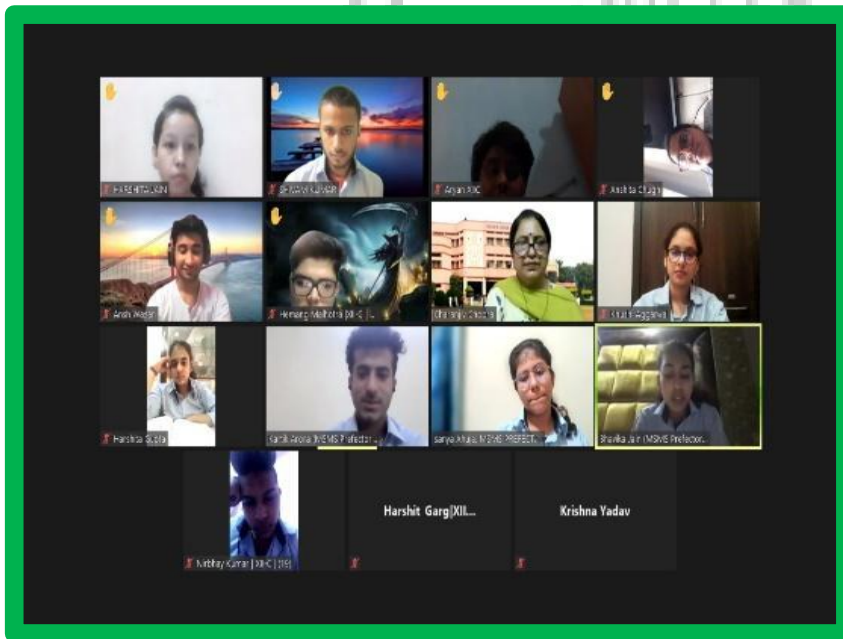

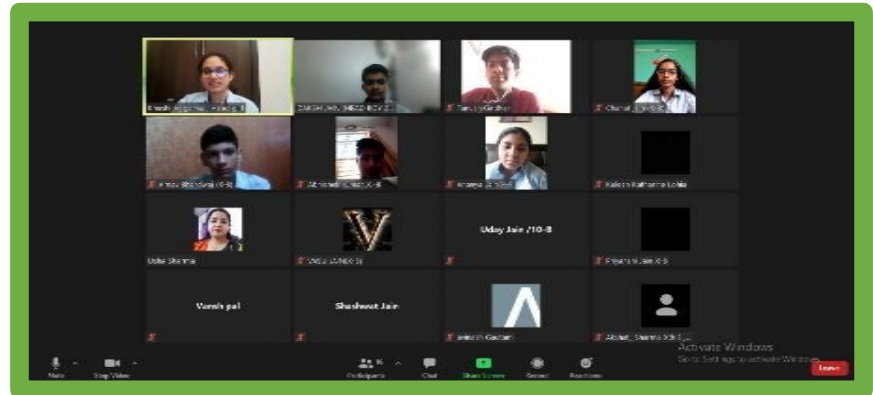

Posters were circulated to highlight the fact that vaccines are not only safe but effective as well and source website to book their slots for vaccinations was mentioned.

Students visited classes with the motive of spreading awareness and planting a seed of righteousness in their peers and motivating their elders in young minds.

Students prepared videos of students sharing factual information about the benefits of vaccines and how can they get themselves vaccinated. Another video comprised of teachers sharing their experiences who have got themselves vaccinated, to encourage parents to get vaccinated without any fear.

Self - composed articles and verse ,by the prefectorial board ,were shared with the students to make parents aware that vaccines are our saviours and one must not be hesitant in taking vaccines and should rather encourage the mass to step ahead and get vaccinated.

INVESTITURE CEREMONY (2021-22)

MSMS observed investiture ceremony for the session 2021-22 on 3rd June, 2021 on Zoom. The occasion was graced by the benign presence of Chief Guest Mr. Dipesh Jain, Vice President, Genpact; MSMS Alumna (MSMS Head boy of session 2004-05).

The school acknowledged the budding young leaders and reposed the trust in them. The ceremony began with Navkar Mantra.

The principal Mrs. Ruchika Sukhija welcomed the gathering and motivated the students to strive harder with a unified zeal for the betterment of the institution. She also stressed on setting priorities and aiming high.

A video representing the achievements of the Chief Guest was played which motivated the young Mahavirians to strive for excellence. The prefectorial board administered the oath with a promise that they would carry out their duties with integrity, faith and excellence.

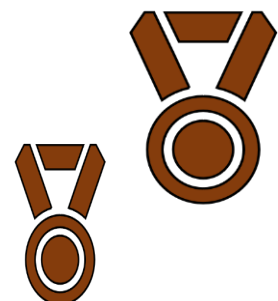

A video portraying the commendable work done by the former prefectorial board was displayed which inspired the new prefectorial board to continue the legacy.

The former Head girl and Head boy – Gunjan Bhatia and Ronak Sharma shared their experiences and learning. Khushi Aggarwal and Daksh Jain gave their first speeches as the Head Girl and Head Boy of the school for session 2021-22

A video showing the visions of the new prefectorial board for the school was displayed in which each member of the board expressed their views.

The Chief Guest congratulated the newly elected members and shared a few inspirational instances of the time when he was the head boy of the school. The ex-Director of the school, Shri S.L. Jain Ji applauded the prefectorial board for such valiant efforts in organizing the event and enlightened the students with his words of wisdom.

The program culminated with the Head girl, Khushi Aggarwal proposing the Vote of Thanks.

KINDNESS MATTERS: GLOBAL VENTURE

"No act of kindness, no matter how small, is ever wasted."

Mahavir Senior Model School has been the part of a global campaign **#Kindness Matters**, initiated by **UNESCO MGEIP**, in collaboration with Mount Abu Public School. This campaign attempts to create a positive culture of kindness, in which every young person's selfless act matters.

An act of kindness by any person is a generous, deliberate gesture or action to another person, animal, or for planet earth. The purpose of Kindness Matters Project has been to mobilize young minds to be kind and compassionate with their

transformative acts of kindness. In this regard, UNESCO has called out for kindness stories. Millions of stories from thousands of schools across the globe are being shared with UNESCO every month and MSMS is one them. The students of classes 3rd to 12th, teachers and parents, were the active participants in the campaign.

MSMS, **Department of English** strived to make this campaign a great success. The Department members encouraged the students to write their kindness stories about the kind deeds that they have performed or have seen others performing, and touched their hearts. Various session were undertaken by the teachers to promote the idea of kindness amongst students. These sessions included e-presentations focused on the idea of fostering kind attitude in students, loud reading of real kindness stories by other people, class discussions and brainstorming. The teachers also devoted time to listen to the stories and

persuaded the students to submit it on the Google form.

The response was overwhelming. Within 3 weeks of mootng the campaign to the students, about 300 stories proffered. The teachers of other departments also actively participated in the campaign by submitting their own acts of kindness. The stories were meticulously screened . The stories ranged from a simple act of 'holding the door for someone' to a lifesaving act of 'donating plasma to a stranger '.

Many students shared their positive experiences of the altruistic actions undertaken by their family or acquaintances, like providing food or arranging medicines or oxygen cylinders for people suffering from Covid, while themselves combating with the global pandemic.

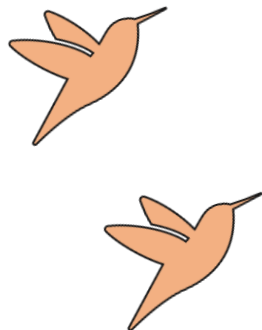

Around 250 stories were retained and compiled by the coordinators, which were then sent to UNESCO.

This was phase one, from 20th April to 13th May. Phase one of felicitating one's own self by recalling the good deeds we did. Phase one of penning down the kindness stories. Phase one of working together towards a more kind, peaceful, humanitarian and philanthropic society.

The campaign does not end here, and neither do the kind acts. The phase two is yet to begin, more kindness stories are yet to be told, and more kindness deeds are yet to be done for making the world a better place.

Every Life Matters

"As these are the Corona times, all of us are surviving somehow. ... One day, me and my brother went up the stairs on the roof to play cricket with our father. Then, from the gallery, I saw that a dog was drinking a water from sewer, which is very unhygienic. Next day, at the same time when we went to the roof, I again saw the dog who was drinking the water from the sewage. After watching all this, I told my father everything and then he told me to keep some water in the bowl for that dog. Then me and my mother gave water and some food to that dog and from that day on, the dog comes around the same time. *It feels so good*. From that day we always fill the bowl with water for other dogs too, it feels too relaxing *and I love to do this*."

LANGUAGE SESSION "IDIOMS GALORE"

STORY COMPOSITION AND NARRATION

"The stories we live and tell provide coherence and meaning, and orient our sense of purpose."

A Story Narration Session was organized for class X students, wherein they had to take up an idiom, and weave a story based on it. This language activity was conceived and conducted with the following objectives to be fulfilled :

- Exposure to the English language idioms, to bring them into day to day use.
- To synthesize the knowledge of idioms by presenting literal and

figurative interpretations through visual images.

- Experience the richness of their usage to make the language more impressive.
- Opportunity to use and further hone the oratory skills through narration.

The students prepared the stories based on the Idiom they had selected. They further underwent the redrafting of the compositions, and improvised over their stories. The Learners internalised the use of idioms and proverbs, to convey a message, through the stories framed.

Integrating the language with artistic and IT skills, the students prepared props, complimenting the stories.

Taking a step ahead, the narratives were presented over a larger platform, as an Intra- class presentation as well as competition.

Story Telling is the foundation of the art of persuasion.

Through this endeavour, the young learners not only showcased their impressive oration, with appropriate pauses and intonation, but also, spread around the precious values to be imbibed, for the overall grooming of the mind and character.

The young learners from the audience shared their positive feedback on the event.

The objective of providing vocabulary enrichment, with an underlying effort to put across some of the core values and skills to the young minds, was achieved to a satisfactory level.

To further motivate the participants, the best narrations were awarded the positions.

MAHAVIR JAYANTI

MAHAVIR JAYANTI CELEBRATIONS

(APRIL 2021-22)

"Fight with yourself, why fight with external foes? He, who conquers himself through himself, will obtain happiness." - Lord Mahavira

Mahavir Jayanti is the most important and auspicious festival of the Jains as it is marked to celebrate the birth of Lord Mahavir.

Lord Mahavir was named **Vardhaman**, which means "one who grows," because of the increased prosperity in the kingdom at the time of his birth. While growing up, he showed interest in meditation. When he attained the age of 30, he took the spiritual path and left his throne to practice Jainism.

Devotees commemorate this religious festival in loving memory of the 24th Tirthankara of Jainism, who was the last spiritual leader.

MSMS IDEOLOGY AND CELEBRATIONS

We at MSMS have always strived and endeavored to follow the Principles of Lord Mahavira in our daily life and wish to imbibe the same in our students.

Every year MSMS celebrates **MAHAVIR JAYANTI** with great pomp and show. Though the celebrations were mellowed down due to COVID 19 pandemic yet it couldn't fade the enthusiasm in our hearts. Crisis gives rise to new opportunities and open avenues. Since we couldn't

have real performance and stage show MSMS gave a twist to the celebrations and decided to celebrate this auspicious day with the world outside by inviting the schools to participate in an online inter school competition '**JHANKAAR**'

ONLINE INTER SCHOOL COMPETITION

To celebrate the propitious occasion of Mahavir Jayanti MSMS organized an online inter school competition 'Jhankaar'.

and planned for them. The overall aim was to help students gain new skills and strengthen and develop their inherent talents and they get experience to innovate, explore and inculcate Scientific temperament. Activities also helped in enhancing their capabilities to forge ahead in all the spheres. The sessions incorporated Arts, Music, Experiential Learning as well. It was a memorable, enlightening and educative summer camp that enriched and elevate our Budding Scientists.

SPECTRUM : ARRAY OF ACTIVITIES

SCIENCE ACTIVITIES

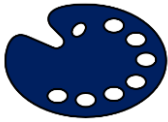

Science surrounds us and the summer offers the perfect time for our children to explore the science around us. The most awaited thing for kids in summer are fun and creative activities. MSMS SCIENCE department kept the children busy by making them experience the magic of summer camp from their living rooms. The department took the initiative to step ahead of boundaries and choose the topics which are fun and at the same time informative. Every day we had a new topic which revolved around learner's life. The young Mahavirians wandered in knowledge and satisfied their curiosity with plethora of activities carefully designed

KINDNESS

ART SESSIONS

Classes : 1st to 10th

Imbibing a healthy interest in art and craft early on in a child can give him or her several key advantages.

Art Department organized a summer camp during 6th May 2021 to 4th June 2021.

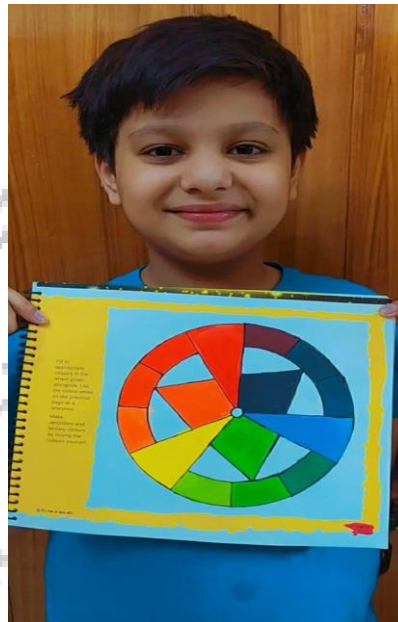

Various art and craft activities included in these sessions i.e. sketching, coloring, pencil shading, mixing of color, 3D puppets, clay modelling etc. Some of these activities surely triggered their imagination and enhanced their creative skills. Students displayed their work with great pleasure, exuberance and a sense of

gratification.

The students were active and enthusiastic participants in the summer camp activities.

Some of the snippets of the summer camp activities are...

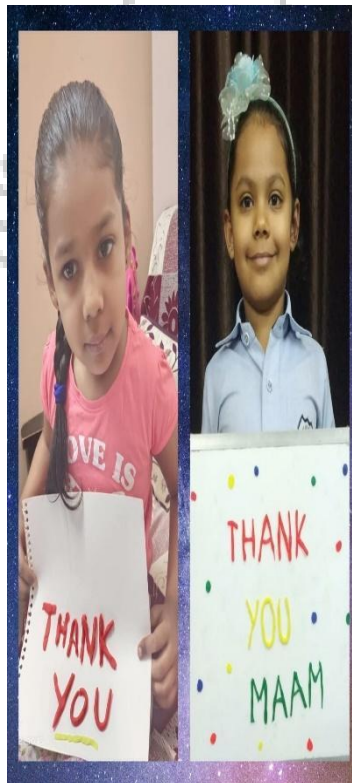

ENGLISH DEPARTMENT

Experiential Learning is a process of learning through experience. Since this Experiential Learning is a powerful foundation approach to all forms of learning, so Fun with English and English activities sessions were organised for classes I to XII in the month of June.

Plethora of activities and sessions were held to promote oratorical skills, enhance vocabulary skills, recapitulate concepts and develop confidence among students of all age groups.

Learners were encouraged to make visual representation like collages, masks, they explored proverbs and idioms, asked riddles, played quizzes and created and narrated stories. Hands on learning was a great

experience for the students across the classes.

In order to ensure the students are ready to face the world with confidence, a webinar on 'Public Speaking and Confidence Building' was organised for students of class 11th and 12th by the resource person Dr. Tanvi Gupta (MSMS Alumna).

The students' responses were applaudable and their overwhelming participation is a testimony of The Fun They Had.

STORY TELLING SESSIONS

To enrich students knowledge with the help of different fun loving activities, MSMS Library department conducted number of "STORY TELLING" sessions to boost up their reading skills and channelize their bubbling energies in to constructive direction. Stories are about so much more than just reading and to listening. They are instrumental in cognitive, social and emotional development. We shared different activities, based on different stories, week wise like :-

Moral Stories; These stories imbibe moral values in our students and guide them on how to evaluate right versus

wrong. We shared stories like, The ant and the dove, The goose and golden eggs, Weak and Strong and The ant and grasshopper.

Funny Stories: Laughter relaxed the whole body and relieved tension and stress and made them feel good. We shared funny stories like Birbal ki khichadi, list of fools and Tenali Rama.

Fairytales : These stories made our students happy, joyful and enrich their imaginative thinking. We shared stories like, Beauty and the beast, The elves and shoemaker and Jaadui chakki.

PARENT'S WEEK : Dedicated one week as Parent's week and shared different stories and activities related to it. Without support from parents, children's health, education, and emotional well being is at risk.

Few interesting activities like-

* Writing down the title and moral of the story.

* Sharing the story in your own words and make a video of it.

*Telling few lines about their favourite character of the story.

*Draw a funny scene or your favourite comic character.

*Making a drawing or a poster related to the story

*Expressing love through greeting card, video, and posters.

these activities. Glimpses of their responses are shared below:-

SPORTS ACTIVITIES

- Life lessons from sports person
- Making hockey stick from waste material
- Fun activities with soft toys
- Eat healthy live healthy
- Role play of your favorite sports person in your life

Learning Outcome :

- Story telling help in improve their reading and listening skills.
- Students become more attentive and focused.
- Imbibe good values and inculcate reading habits in them.
- Improve their memory.
- Enrich their imaginative thinking.

Students showed great enthusiasm by participating in

The Sports activities were not only for coping up with stress in this pandemic but also making students foster learning through play, enthusiasm and creativity.

Sports department designed the activities for the mental agility and enhancement of knowledge. These activities stimulated the life experiences and skills of students.

Activities like: -

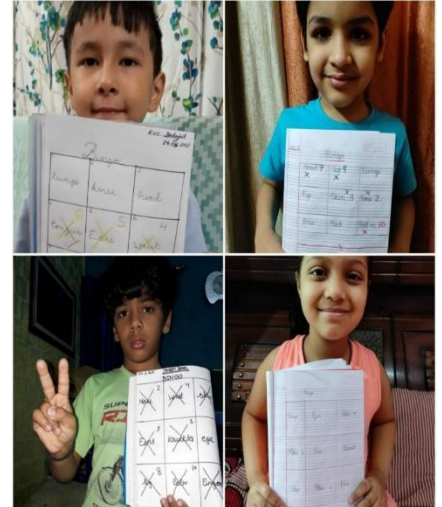

- Sports scramble
- Ping pong making
-

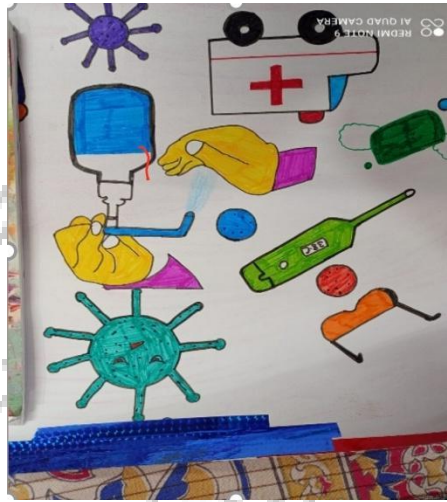

drying hands with a clean towel.

The session was well appreciated by the students and parents as this basic thing is apt and relevant in the current scenario of the society.

SOCIAL SCIENCE DEPARTMENT

WASHING HANDS STOPS THE SPREAD OF GERMS

An EVS session of Class III was dedicated to teach children about the significance of keeping their hands clean .

Learners had been told to focus on hand-washing and hygiene.

In the session, learners learnt the art and science of washing one's hands in eight steps which include, wetting hands with clean water, applying soap, rubbing palms together, away from the water, then fingers and thumbs and the skin between them, scouring palms with nails and rubbing the back of each hand, rinsing with clean running water and

"Bingo!"

Who doesn't like the thrill of finding the last item on their list, jumping out of chair, and shouting *I won* ?

Keeping the spirit in mind, a BINGO session was organized by the Social Science Department for the students of class II .

The objective of the session was to create a bingo game that would increase students' interaction with course material and provide students with options for demonstrating learning and earning extra credit.

In the session each child made grid with squares containing words and numbers.

Each time the teacher asked a question, the student searched for the right answer on his/ her card, and marked it. The first student to have three words highlighted in a row yells 'Bingo', and wins.

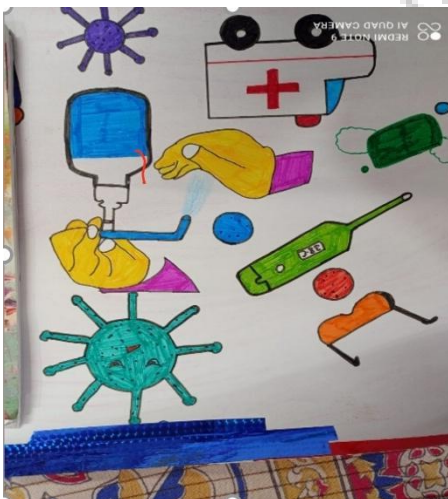

It was heart-warming to see students' active participation.

Summer is filled with breaking rules & standing apart ignoring your head and following your heart.

The Summer Camp 2021 included plethora of Fun filled activities for the anxious children during the pandemic. It gave them an opportunity to learn new skills, while being in a safe environment of their homes.

This Summer Camp aimed at keeping the students engaged & provided them an even platform to explore and express their creativity, in any form. They not only made memories while having fun but they were able to face their fears, try new things, pushed their boundaries and realized self-sufficiency. They were able to make new friends amidst lot of laughs & learnt team spirit.

Every activity worth doing has a learning curve.

MATHEMATICS ACTIVITIES

Mathematics department of MSMS designed a plethora of maths activities from classes II to X as follows:

CLASS 2

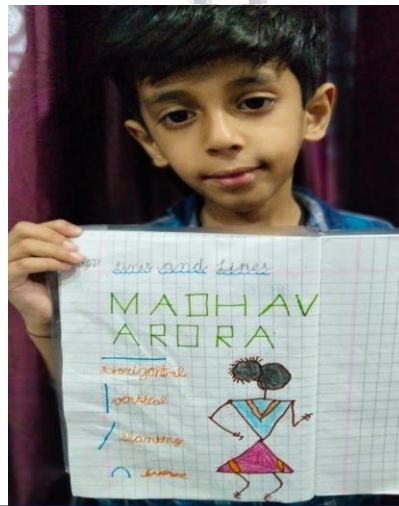

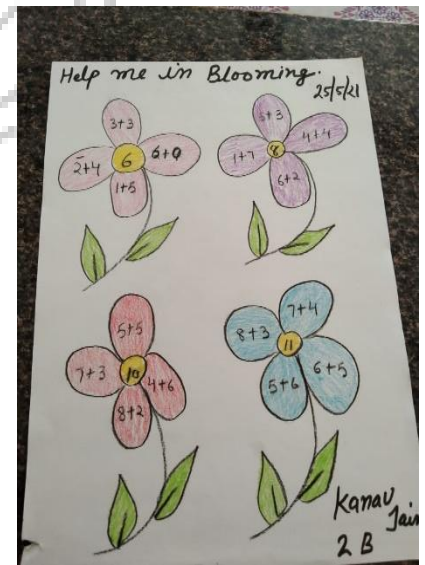

Lines & Lines:

Lines & lines activity made children know about the vertical, horizontal, slanting & curved lines. Children wrote their names by writing the alphabets using straight lines. They were shown Warli paintings, and thus appreciated the traditional, cultural art. After the session, they also tried their hands on making such drawings/paintings.

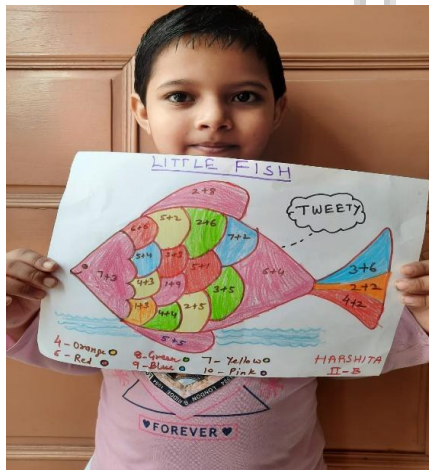

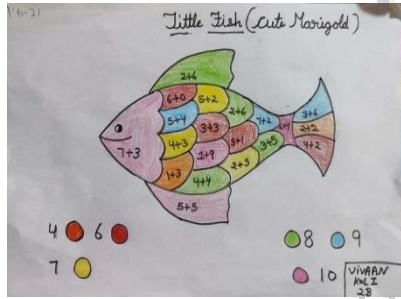

Blooming Flowers :

Students were supposed to bloom their flowers, i.e., draw the possible petals of the flowers according to the given number, written in the centre of the circle. Here, they got to see the flexibility in the numbers and the algorithm .

Little fish :

Little fish Activity was a kind of match the following & colouring activity in which they had to colour the respective sums with the colour represented in the circles below. Children also gave the interesting names to their fishes.

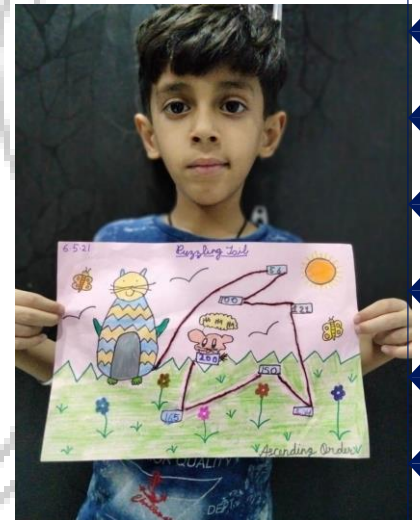

Design a Card Using Geometrical Shapes and Patterns :

Students were encouraged to make a greeting card on the occasion of mother's day while using Geometrical shapes and patterns. In the process, they learnt about the different geometrical shapes and made their creative patterns, decorated their cards on their own to express the gratitude and love towards their mothers.

concept of arranging the numbers in ascending order. In this, a naughty rat tied the long tail (shown with wool) with the different poles (numbers). Students very interestingly solved the puzzle ,i.e., without crossing the tail, they arranged the numbers in ascending order and decorated their pictures & enjoyed the session.

Puzzling Tail:

Puzzling Tail Activity was based on the theme of

Bandhanwar:

Students made beautiful bandhanwars using geometrical shapes. They were encouraged and appreciated to use waste materials so as to make "best out of waste".

Students of class VI actively participated and drew very beautiful designs using basic geometrical shapes.

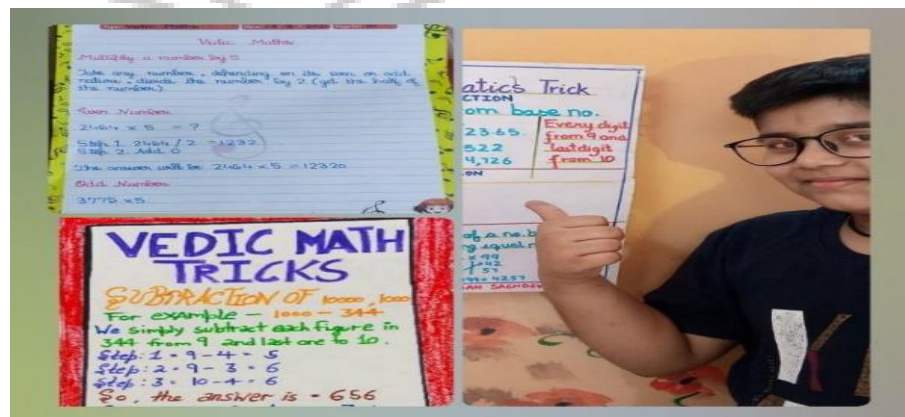

Vedic Maths Tricks :

A session on Vedic Maths tricks for classes 6th, 7th and 8th was organized, and simple to complex tricks were explained depending upon the level of class.

Designs Using Basic Geometrical Shapes:

The session started with a brief discussion about basic geometrical shapes like **Curves, Lines, Circles, and Polygons**. Then few designs like **Scenery, Rocket** were drawn using some geometrical shapes.

SPECIAL DAY CELEBRATIONS

ORIENTATION PROGRAMME

CLASS X AND XII

Parent Teacher partnership can play a significant role in child's education. It becomes all the more imperative during the ongoing unprecedented times. The Orientation program was organised for Classes X and XII respectively.

Commencing on the pious note of rendition of Navkar mantra, important aspects pertaining to Board Classes were shared.

A PPT presentation about the school ethos and internal as well as external assessment criteria was presented.

The programme aimed at:

- Making students understand the significance of Mahavirian philosophy of 'Live and Let Live' and the core values associated with it.
- Academic excellence for each child.
- Safety and security of children.
- Providing conducive learning environment for our students.
- Role of parents in developing Motivation and curiosity in children.
- Holistic development of each child.
- Importance of regularity,

punctuality and discipline.
• Marks distribution and importance of internal assessment.

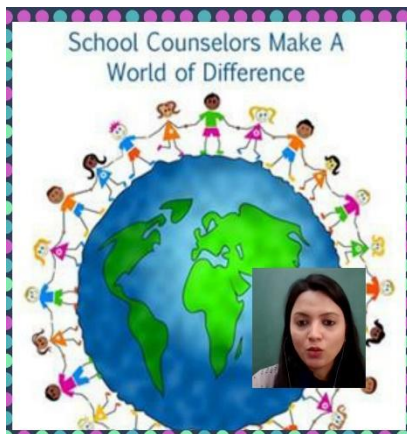

School Principal, Mrs. Ruchika Sukhija addressed the queries of the Parents. She shared numerable tips to students like:-

- Following a fixed study schedule
- Revising the work on daily basis.
- Devoting fixed hours of self-study and writing.

All subject teachers shared the study tips for their respective subjects alongwith follow up of proper study schedule, reading NCERT books religiously and various productive ways of utilizing time like reading, exercising, yoga, meditation keeping healthy habits, character building and spending quality time with their families.

ORIENTATION PROGRAMME :CLASS I

MSMS organized an Orientation Programme for the parents of **Class I** on 3rd April, 2021, virtually. The aim was to familiarize the **parents in progress** with the curriculum, rules and regulations of the school, teaching methodologies and the co-scholastic activities.

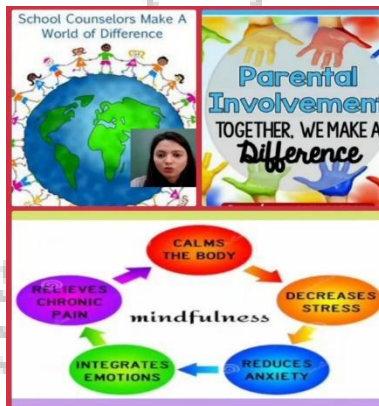

The mentors gave an overview of various subjects and not to forget the co-scholastic activities which provided the parents with an assurance that our curriculum involves hands on learning activities.

The stress was laid on the **holistic development** of the child which is the main aim and objective of school. Furthermore, the parents were briefed about the guidelines of the **CCE pattern** of examination.

Principal Ma'am motivated the parents to make the kids

self dependent and praise them even for a smallest task done. She encouraged the parents to be Co partners in the education of the children and their communication should be non judgmental. She also briefed them about the importance of formal education.

Headmistress Ma'am laid stress on the 'involvement of parents' in child's life. She also had the same opinion of making the child self dependent.

WORLD RED CROSS DAY

If you want to serve God, the best thing to do is to serve human beings. World Red Cross Day is celebrated every year on 8th May to honour Henry Dunant, the founder of the International Committee of the Red Cross and the recipient of the first Nobel Peace Prize.

MSMS Science Department organised awareness campaign for WORLD RED CROSS DAY in primary classes. The overarching idea behind this was to enable the country's youth, so that they may one day contribute in their own way to establishment of world peace and the welfare of mankind.

Our aim was to teach students the value of life and health as well as the importance of respecting human dignity. The activities planned for students were as follows :

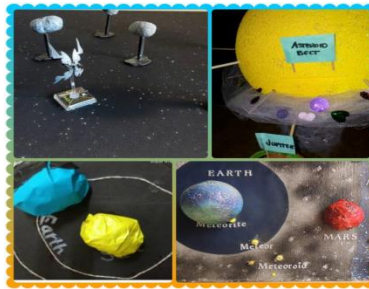

Class 3: Slogan Writing

Class 4: Poster Making (Theme: Importance of World Red Cross Day)

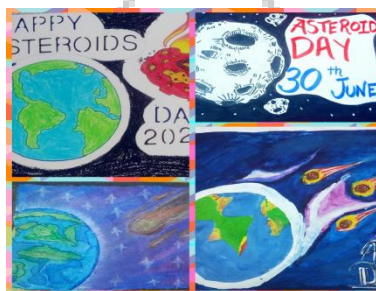

Class 5 : Thankyou Cards for Frontline Corona Warriors

WORLD ASTEROID DAY

Asteroid Day is a UN-sanctioned **Global Awareness Campaign** celebrated annually on **30 June**. It was started on a mission to inspire, engage and educate the public about asteroids : opportunities and risks.

Social initiative taken by MSMS

With lots of hopes and positive outlook, Project Companion and Project Lighthouse was founded on 18th May 2021.

Project Companion is a scholarship program (Covid-19 relief scholarship program for students). Under this project, MSMS aimed to provide scholarship in the

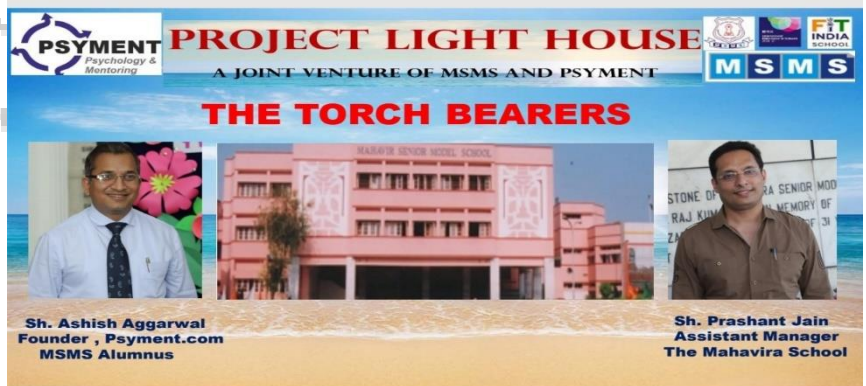

form of a fee-waiver to the students who have unfortunately lost their parent(s) (the earning member of the family) during pandemic.

There will be 100% fee waiver for the balance of the academic session 2021-2022 from the date of the unfortunate incident for students who are already studying in MSMS and 50% fee waiver for the students who join MSMS. The school will also continue to provide 25% scholarship to these students in the further years if they score above 80% or excel in co-curricular activities. This support will be provided till class XII, if the conditions are met.

Project Lighthouse aims to provide professional psychological support to the children who lost their parent(s) due to covid. MSMS tied up with Psymt for its collaborative and philanthropic **Project Lighthouse** to help students with psychological counselling and support to the bereaved students.

Project lighthouse aims to create a new family of supporters and organising positive events and modules to make them functional in their respective lives.

The first interaction with partner schools pertaining to project light house was on June 12, Saturday. In light of current pandemic situation, MSMS relates to this need of the hour and invited schools to join hands and volunteer for the cause.

शिक्षक प्रोत्साहन दिवस रिपोर्ट

शिक्षक की गोद में उत्थान पलता है
 जहां सारा शिक्षक के पीछे चलता है
 शिक्षक का बोया पेड़ बनता है
 हजारों बीज वही पेड़ जनता है
 शिक्षक प्रोत्साहन दिवस की हार्दिक शुभकामनाएं

अध्यापक हमारे जीवन का अहम् हिस्सा है जो हमें शिक्षित करते हैं। अच्छे- बुरे का ज्ञान देते है |

हर इंसान को अपने जीवन में सफलता पाने के लिए किसी न किसी गुरु का सहारा लेना पड़ता है तभी वह अपने जीवन में सफलता हासिल कर पाता है |

(कोविड 19) ऐसे कठिन समय में शिक्षकों ने अपनी मेहनत और लगन से बच्चों की शिक्षा को जारी रखा। और बच्चों का बचपन मुरझाने से बचा लिया। अध्यापकों की मेहनत को स्वयं बच्चों ने और उनके अभिभावकों ने देखा एवं महसूस भी किया कि

अच्छे शिक्षक ही

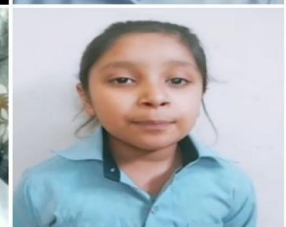

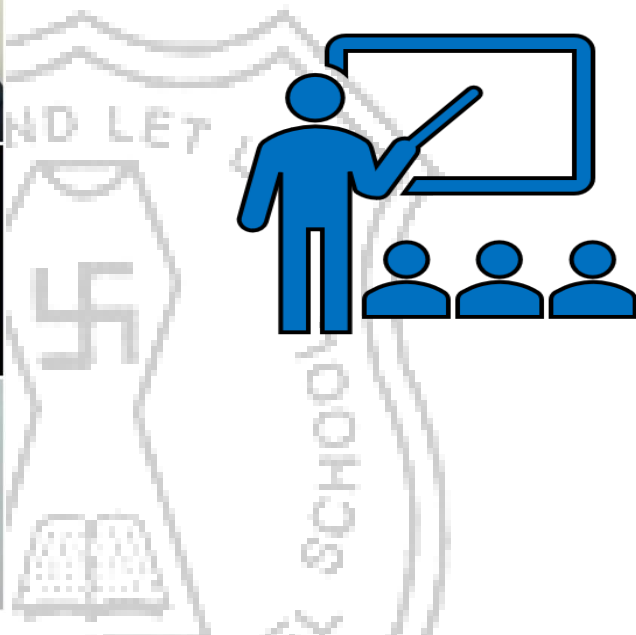

एक उम्मीद जगा सकते हैं,

हमारी कल्पना को सुलगा सकते हैं

और कठिन परिस्थितियों में भी

हमारे मन में ज्ञान के प्रति प्रेम बिठा सकते हैं।

अध्यापकों के प्रति अपने इस प्रेम और आभार को बच्चों एवं अभिभावकों ने अपने - अपने तरीके से कुछ इस प्रकार व्यक्त किया जोकि अति सराहनीय रहा ।

READING: BEING AND BECOMING

"Parents are the architect of a better tomorrow"

Global day of parents provides an opportunity to appreciate all parents for their selfless commitment to children and their life-long sacrifice towards nurturing this relationship. "Global day of parents" will be celebrated in honour of parents throughout the world for their struggles and sacrifices towards their children especially during this covid-19 pandemic which hugely raised their responsibilities. Without support from parents children's health, education and emotional well-being is at risk.

Library department dedicated a week as **"Parent's week"** and shared different stories and activities related to it. Students showed great enthusiasm by participating in it. Glimpses of their responses are shared below:-

FATHER'S DAY CELEBRATION

A father is neither an anchor not hold us back nor a sail to take us there but a guiding light whose love shows us the way. Father's day is celebrated on the 3rd Sunday of June every year. The day is an acknowledgement to the efforts and sacrifices that our fathers have made and are making for us. It is a day to honour and express gratitude for their contribution. Taking this emotion in our heart, library department have planned some enjoyable activities for students of classes 1-5.

GENERAL KNOWLEDGE/NATURE

SUB TOPIC: FLORA AND FAUNA

"General knowledge is an essential component of crystallized intelligence"
