

Mahavir Senior Model School

Class 6 – Social Science

Assertion–Reason Questions (Worksheet 1)

Instructions:

Read each Assertion (A) and Reason (R) carefully.

Choose the correct option:

- a) Both A and R are true and R explains A
- b) Both A and R are true but R does not explain A
- c) A is true but R is false
- d) A is false but R is true

1. A: Mountains have thin air at high altitudes.

R: The amount of oxygen decreases as we go higher.

2. A: Plains are densely populated regions.

R: Plains have fertile soil and flat land suitable for farming and transport.

3. A: Plateaus are also called tablelands.

R: Plateaus have steep slopes on all sides.

4. A: Rivers usually originate from mountains.

R: Mountains receive heavy rainfall and have glaciers.

5. A: Deserts are found only in hot regions.

R: Some deserts are found in cold regions as well.

6. A: Municipal Corporations manage big cities.

R: Big cities have large populations and complex needs.

7. A: Garbage collection is the responsibility of the Municipal Corporation.

R: Clean surroundings help prevent diseases.

8. A: Asia is the largest continent in the world.

R: Asia covers a large area and has the highest population.

9. A: Antarctica has no permanent human settlements.

R: It has extremely cold climate and thick ice cover.

10. A: Australia is both a country and a continent.

R: Australia is the smallest continent and is completely surrounded by oceans.

COMPREHENSION BASED QUESTIONS. (Worksheet 2)

SOURCE 1

Oceans cover more than two-thirds of the Earth's surface and play a major role in regulating the climate. They are home to a wide variety of plants and animals. Oceans provide us with food, minerals, and help in trade and transportation. Human activities like pollution and overfishing are causing serious harm to ocean life.

Questions:

1. What percentage of the Earth's surface is covered by oceans?
2. Name any two resources that we get from oceans.
3. How do oceans help in regulating the climate?
4. Mention two human activities that harm ocean life.

SOURCE 2:

India, also known as Bharat, is a land of great diversity. It has different languages, religions, traditions, and geographical features. Despite this diversity, the people of India are united by a shared history and the values of equality, unity, and democracy.

Questions:

1. What does the name "Bharat" refer to?
2. Mention two types of diversity found in India.
3. What factors help in uniting the people of India?
4. Why is India called a land of diversity?
5. Name one value that all Indians share.

SOURCE 3

In rural areas, local government is managed through the Panchayati Raj system. It includes the Gram Sabha, Gram Panchayat, Panchayat Samiti, and Zila Parishad. These institutions help people participate in decision-making and solve local problems like water supply, roads, and sanitation.

Questions:

1. What system of local government exists in rural areas?

2. Name any two institutions under the Panchayati Raj system.
3. What is the role of the Gram Sabha?
4. Mention two problems that local governments help to solve.
5. How does Panchayati Raj promote democracy?

SOURCE 4

People are engaged in different economic activities to earn a living. These activities are divided into primary, secondary, and tertiary activities. Farming, fishing, and mining are primary activities. Making goods in factories is a secondary activity, while services like teaching and transport are tertiary activities.

Questions:

1. What are economic activities?
2. Name the three types of economic activities.
3. Which type of activity is farming?
4. Give one example of a tertiary activity.
5. Why are economic activities important for people?

PICTURE BASED QUESTIONS. (Worksheet 3)

Q1 Look at the image given below and answer the following questions.

- Identify the economic activity shown in the picture.
- To which category (primary/secondary/tertiary) does it belong?
- What goods or services are produced through this activity?
- How does this activity help people earn a living?
- Give one more example of the same type of economic activity

Q2 Look at the image given below and answer the following questions.

- Name the continent shown.
- What is special about this continent?
- Name one animal found only here

Q3) Look at the image given below and answer the following questions.

- a) Identify the landform shown.
- b) Name one hot and one cold desert.
- c) Why is vegetation scarce here?

Q4) Look at the image given below and answer the following questions.

- a) Identify the landform shown.
- b) Name one activity practiced in such regions.
- c) Why is breathing difficult at higher altitudes?

Activity: Be a News Reporter

Grade: 6

Choose any recent news event happening anywhere in the world. Present yourself as a news reporter and report the event, covering its key facts and important details in one minute.

You may use apps such as Canva, InShot, or PowerPoint to add suitable visuals related to the news.

Instructions:

- ◆ Record the video in landscape mode.
- ◆ Ensure clear voice and confident presentation.
- ◆ Add relevant pictures or short text captions if required.

Submission:

Share the final video with your Social Science teacher by Monday, 12.01.26.
